

I just wanted to share my thoughts about my local K-LOVE station. K-LOVE has a great impact on my life personally. It is an encouragement daily in my life, and I know there are many other people in my community whose days are brightened by the encouragement on K-LOVE. Just listening to Christian music and knowing people care and are praying for me and the community is very uplifting. It would be a real loss for the community if we lost our K-LOVE station.
